Professional Summary

Detail-oriented and results-driven Computer Engineering student with hands-on experience in full-stack web development (MERN), mobile application development (Jetpack Compose), and backend engineering (Spring, MySQL). Proficient in building responsive UIs, integrating REST APIs, managing version control using Git, and collaborating within Agile teams. Eager to contribute to high-impact software solutions.

Technical Skills

Languages: HTML, CSS, JavaScript, Java, Python, MySQL, C, C++, PHP, Kotlin, PostgreSQL

Frameworks/Libraries: React.js, Bootstrap, Next.js, Spring Boot, Jetpack Compose, Flutter

Tools & Platforms: Git, GitHub, MongoDB, Postman, VS Code, Android Studio, Netlify, Docker, Kafka, Redis, Kubernetes

Concepts: RESTful APIs, MVC, Software Development Lifecycle (SDLC), RBAC, Database Designing

Projects

- **Portfolio Website** (MERN Stack) — Live Link
Designed and deployed a fully responsive personal portfolio showcasing technical projects and skills.
- **Retail Billing** — Developed a full-stack retail billing solution using react native and spring-boot.
- **Payment Gateway** (Under Development) — GitHub Repository
Saas platform for payment Gateway, where user or client will be able to customize gateway according to his will.

Internship Experience

- **Full-Stack Developer – Digiwork Online Services LLP** *May 2025 – July 2025*
 - Contributed to the SEO of website, ranking it in the top **2** of its category in India.
 - Integrated **5+** REST APIs to enhance application functionality and data flow.
- **Full Stack Developer – ThynkTech India OPC Pvt Ltd** *Aug 2025 – Feb 2026*
 - Successfully created full stack applications using MERN and spring-boot.
 - Learned Spring Boot as a new technical skill **RBAC** implemented backend.

Education

B.Tech – Computer Engineering

2022 – Present

AISSMS Institute of Information Technology, Pune (SPPU)

CGPA: 8.19 (Till Sem VI)

Key Courses: Cloud Computing, Instrumentation Engineering

HSC: 80.67% — SSC: 86.90%

Certifications

- Programming in C & C++ – Disha Institute
- Joy of Computing in Python – NPTEL
- Oracle Certified – PL/SQL Database Programming
- Full Stack Web Development – AICTE Training

Leadership & Extracurricular Activities

- Vice President – CESA (2025–26)
- Cultural Head – CESA (2024–25)
- Technical Executive – CESA (2023–24)
